

## WHAT WE DO

Every day is an adventure as they learn through hands-on, theme-based activities that spark curiosity and imagination. Our dedicated teachers nurture each child's growth with positive reinforcement and skill-building, ensuring they get the very best experience during their time here. Together we celebrate success! As some of the oldest in our space, these young leaders take on important roles in the classroom, serving as the "big kids" who set the tone for fun and learning. Everyday is filled with discovery, friendship and joyful learning.

Please feel free to call or email us and schedule a tour or ask any questions.

- Centerville
- Tolman
- Meadowbrook

**\*\*Please note: We do not transport to PM Kindergarten**

## Positive Parenting Tips

Navigating their friendships and emotions can still prove to be a difficult learning process at this age.

While they are developing the skills to regain emotional balance independently, they may still need gentle guidance and support along the way.

Your child's journey is filled with incredible milestones, and as a parent, you have the power to shape their confidence, resilience, and curiosity.

- Celebrate their success-recognize and celebrate your child's accomplishments-big or small
- Set clear expectations and promote positivity- Consistency is key!
- Make family time a priority- from small moments to big adventures, create joyful memories together.
- Engage in meaningful conversations together- Ask about their day, their friends, their interests. Your attention and encouragement will remind them they are heard, valued, and supported.
- Build responsibility through everyday moments- give them opportunities to contribute.
- Encourage goal setting and resilience- Help your child set goals and achieve them.
- Foster patience and emotional growth- Offer safe choices so they feel in control of their own decisions. Guide them through big emotions calmly, using deep breaths and gentle conversation to help them navigate challenges.
